

Energy Performance Certificate Manager

Interested? Contact us!

EPC Manager is a flexible package which can be tailored to your requirements. So please contact us to discuss your current arrangements and how EPC Manager could be integrated with your existing systems to improve the efficiency of your EPC service delivery.

Please call Sarah Hitchcock or Tony Rose to discuss your requirements and find out more:

Tel: 0845 450 3375

Or email: sarah@gleen.org.uk

Because EPC Manager has so many potential applications, it can be hard to explain all of the options on paper or over the telephone. We can arrange to visit you to give a more detailed presentation and a demonstration of the software to you and your colleagues.

GLEEN is working with the NHER Accreditation Scheme
